Golden Reel

This World's first and Asia's highest figure-8 Ferris wheel is set to become an iconic landmark, not only for Asia, but also for Macau itself. The Golden Reel raises some 130 meters high, between Studio City's stunning, Art Deco-inspired twin hotel towers and offers visitors a thrilling ride experience unique to Studio City.

From the moment of arrival at the ride's level 3 entry lobby, guests are treated to a fantasy journey they will never forget. Like the best-paced movie scripts, the next big "reveal" for guests is the Industrial Revolution themed loading platform, 23 floors above the ground floor. There are 17 "Steampunk"-themed cabins, each comfortably accommodating up to 10 guests on a jaw-dropping "Fortune Rides High" journey around the uniquely-shaped figure-8 track.

The attraction was designed and engineered by a world-class team lead by Liechtenstein-based Intamin Amusement Rides Int. Corp., world-renowned for highly-innovative amusement rides.
